

DESTROYER GRINDER

Built for Strength

EF-12SR

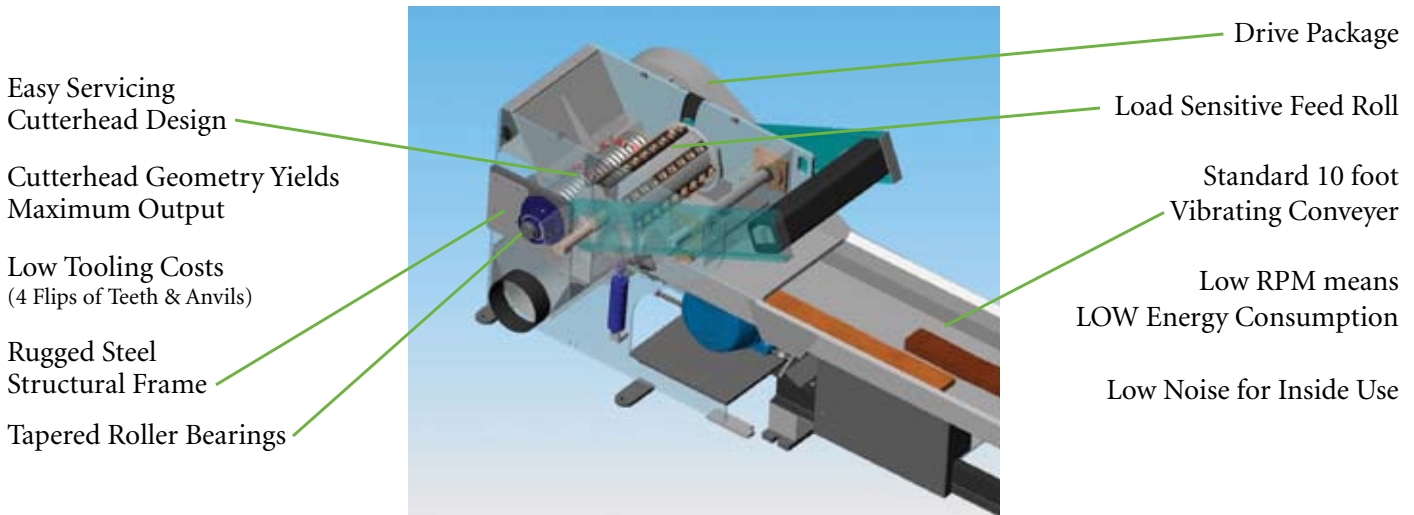

CUSTOM MADE
IN THE U.S.A.

Rippings
Cut-Offs

EF-12SR END FEED GRINDER

The EF-12SR is the smallest member of Cresswood's "Destroyer Series" product line. It will eliminate rippings and occasional blocks. The EF-12SR grinder, with its small footprint and low profile, allows placement of the grinder in close proximity to the waste stream which saves on labor. This is the ideal grinder for small furniture, cabinet, woodworking and millwork shops.
