Cresswood - Delivering Brand-Worthy Results Since 1978!

"For NAID compliance, it was critical to achieve the right particle size for our ultra-secure accounts. We developed our branded Security Thread service around the 'virtual confetti' that we can produce through the Cresswood Shredder screen. From installation to Shredder performance, everything about Cresswood has been 'top notch!'"

Jerry Siegel
President/CEO

MIDWAY MOVING AND STORAGE Chicago, IL

Midway Moving & Storage, located in Chicago, IL, is the largest residential mover in the state. Midway also provides: off-site and on-site document destruction; secure storage; and information management. A Cresswood HF-7860-100 Shredder is the core of Midway's fully integrated shredding system.

*For more on Midway, and their unique 'for profit' partnership to empower the Disabilities Community, read the **SDB Cover Article, May/June 2010 Issue.***

"Our Cresswood HF-7860 Low-RPM, Single-Shaft Shredder gives us the best ratio of throughput-to-horsepower, and maximizes cost efficiency. It's the heaviest Shredder in it's class, it's very low-maintenance, and the design simplicity makes it safe for persons of all abilities to operate - that's essential for us."

Charles Spencer
Sales Manager,
Midway Moving & Storage
Operations Manager,
Midway Document Destruction
